Date: _____

Dear Primary Care Physician:

A current prescription for Physical Therapy is required for the following student:

Student Name	Date of Birth
--------------	---------------

School based therapy programs are designed to meet the student's needs in the school/work environments.

Physical Therapy as outlined in the above students Individualized Education Plan (IEP) for the current school year (2022-2023) cannot be provided without a physician's prescription. The family has received a copy of the IEP that specifies the amount of intervention that they and the educational team agreed are appropriate to meet the student's educational goals.

If you are in agreement that the student should receive therapy, please complete and sign the attached prescription and mail it to the attention of JoAnn McNamee at the schools address or fax it to 215-689-3979.

I appreciate your prompt attention to this matter so that there is no interruption in this child's service. If you have any questions regarding Therapy/O&M Services please feel free to call me at 215-877-0313 x218 or email me at joann@obs.org.

Thank you,

Jo Ann McNamee
Therapy/O&M Program Coordinator
