

Letter of Digital Accessibility Conformance

2023-10-23

Overbrook School for the Blind

6333 Malvern Ave

Philadelphia, PA 19151

A360 Enterprises, LLC (Allyant) is an expert in digital accessibility auditing, testing, consulting and training. Overbrook School for the Blind has engaged Allyant to test and evaluate the accessibility of Overbrook School for the Blind's desktop website with a homepage located at www.obs.org.

Allyant performed live-user accessibility auditing, including but not limited to testing by individuals with disabilities using assistive technology, combined with digital testing tools, on a representative sample of pages of Overbrook School for the Blind's website. The accessibility audit was completed approximately September 12, 2023.

As of our Quality Assurance testing on October 20, 2023, our live-user accessibility testers did not encounter any accessibility blockers that would deny a user using assistive technology from accessing the main content and functionality. The following is the professional opinion of the Allyant testing team:

- The live-user accessibility testers were able to successfully access, use, and navigate the website.
- The website substantially conforms with Level A and Level AA of the Web Content Accessibility Guidelines (WCAG) version 2.1.
- Overbrook School for the Blind has addressed all significant issues that are in their control including owned source code and content within the scope of the project.

In addition, Overbrook School for the Blind has retained Allyant to provide ongoing accessibility live-user reviews (remediation support and QA testing) of www.obs.org. With this in place, Allyant will perform ongoing accessibility testing and support of selected elements of the website, including live-user testing on a regular basis.
